

Are you ready to party? Let TradeWinds create a memorable themed party for your group. Your event will feature flawless execution by our seasoned staff for a once-in-a-lifetime experience.

TradeWinds is ready with a boatload of ideas, or we can make *your party fantasy* a reality. We specialize in innovative theme décor, creative menus, and the best in entertainment, set in unique venues throughout our beachfront property ... all elements designed to make your party a smashing success.

Where else can you have a *Gasparilla Shipwreck Party* on an actual pirate island, complete with a real marooned sailboat? "Survivor" style cuisine is *not* on the menu, but the freshest Florida seafood, succulent tropical fruits and Caribbean style culinary delights are. Wade your way through clams casino, oysters Rockefeller, spicy shrimp and smoked fish dip, then on to scallop and papaya salad, grilled swordfish, and tropical fruit tarts.

For the *Everglades Party*, TradeWinds transforms its lush tropical waterway into a hauntingly dangerous swamp, complete with 'gators and other swamp critters, cracker bars and all the trappings of this Florida icon. For dinner, the tables are turned ... you get to take a bite out of a gator! And frog legs, blackened catfish, ceviche in coconut shells ... and grilled T-bone steaks.

Havana Nights will transport your group to an evening of tropical splendor with lush foliage, a splashing mermaid fountain, tropical fruit bar and the pulsating rhythms of a hot Latin band. In the Cuban tradition, a cigar roller will be plying his trade and your guests receive a hand rolled cigar. Conch fritters, curry chicken and mango salad, coconut fried plantanos, shrimp and chicken kabobs and a roast suckling pig are finished with chocolate rum cakes and lime and mango mousse.
